

ELEVATORS THAT ELEVATE
MORE THAN JUST FLOORS

Manufacturing | Installation | Modernization | Maintenance

OMNI Elevators

At OMNI Elevators, we believe that an elevator is more than a means of moving between floors, it's a statement of safety, design, and dependability.

For over a decade, we have been shaping vertical transportation with solutions that bring together engineering precision, architectural elegance, and uncompromising safety. From luxury residences to bustling commercial towers, from state-of-the-art hospitals to rugged industrial sites, OMNI has become synonymous with elevators that are as reliable as they are refined.

With complete in-house capabilities, right from design, manufacturing, installation, modernization, to maintenance - We are an end-to-end partner who ensures your elevator journey is seamless from blueprint to long-term upkeep.

Every lift we build carries our promise: a smoother ride, a safer experience, and a system built to last.

Why OMNI?

- **Tailor-Made to Lift Your Vision**
Every building is unique, so should be its elevator. We craft solutions customized to your space, design theme, and technical requirements, ensuring a perfect blend of performance and aesthetics.
- **Comprehensive Range, Singular Expertise**
Be it a corporate skyscraper, a cozy residence, a hospital corridor, or an industrial facility – OMNI has the expertise to serve every sector with precision.
- **Smart Modernization with Minimal Disruption**
Why replace when you can upgrade smartly? Our modular modernization solutions enhance performance, safety, and energy efficiency while keeping downtime to a minimum.
- **Safety Beyond Standards**
From intelligent door protection to smooth motion control, every OMNI elevator complies with stringent Indian norms, delivering peace of mind with every ride.
- **Energy Efficient, Eco-Friendly**
Designed with next-gen synchronous motors, inverter drives, and VVVF closed-loop control, our elevators reduce energy consumption without compromising comfort.
- **Proven Legacy, Trusted Support**
With numerous successful installations across India, OMNI elevators are known for their durability, silent operation, and low maintenance – all supported by our responsive service network.

ENGINEERING TRUST. INSPIRING CONFIDENCE.

At OMNI Elevators, our vision goes beyond building machines.

We believe elevators are about **movement, progress, and connection.**

- For a **family** at home, it's about safety and comfort.
- For a **business**, it's about reliability and efficiency.
- For a **hospital**, it's about trust in critical moments.
- For an **industry**, it's about strength and endurance.

Every elevator we design is built on three unshakable pillars:

1.

Engineering Precision – because safety and performance are non-negotiable.

2.

Design Harmony – because an elevator should complement the space it serves.

3.

Dependable Service – because true partnership extends beyond installation.

Our purpose is simple yet powerful - To elevate not just people and goods, but confidence, experiences, and lives.

OUR PRODUCT

PASSENGER ELEVATORS

Redefining everyday travel, OMNI Passenger Elevators offer a smooth, silent, and stylish vertical experience. Perfect for residential and commercial spaces, they combine customizable cabin designs, smart controls, and reliable mechanics. Whether it's the polished finish of a premium office tower or the warm tones of a residential complex, every detail can be tailored to your vision.

Highlights:

1.

Elegant cabins with customizable finishes

2.

Advanced control systems for smooth, jerk-free rides

3.

Efficient use of space and energy

4.

Wide range of capacities and speeds .

OUR PRODUCT

HOME ELEVATORS

An OMNI Home Elevator is more than a convenience, it's an enhancement to your lifestyle. Compact in footprint but grand in experience, these elevators bring comfort, accessibility, and elegance into your private space. Designed to merge seamlessly with interiors, they make mobility effortless for every family member while adding value to your home. .

Highlights:

1.

Space-efficient designs tailored to your home layout

2.

Whisper-quiet operation for everyday comfort

3.

Multiple door and cabin options to match interiors

4.

Safety-focused technology for families and seniors

OUR PRODUCT

HOSPITAL ELEVATORS

In healthcare, every second and every movement matters. OMNI Hospital Elevators are engineered with precision, safety, and hygiene at their core. Built for the swift and smooth transport of patients, medical equipment, and staff, these elevators offer reliability in critical moments.

Highlights:

1.

Spacious cabins designed for stretchers and equipment

2.

Wide doors and smooth entry/exit for emergency use

3.

Anti-bacterial finishes and easy-to-clean interiors

4.

Stable, gentle ride control for patient comfort

OUR PRODUCT

A worker wearing a yellow hard hat, an orange safety vest over a dark shirt, blue jeans, and work boots is standing inside a goods elevator. He is carrying two large cardboard boxes on a metal tray. The elevator interior is dark with metallic walls and a grey floor. Several other cardboard boxes are stacked on the floor in the background.

GOODS ELEVATORS

Strength, durability, and efficiency define OMNI Goods Elevators. Created to handle the toughest industrial and commercial demands, these elevators ensure the safe and efficient movement of heavy loads. From warehouses to factories, they are built to perform day after day with minimal downtime.

Highlights:

1.

Heavy-duty cabins designed for long life

2.

High load-bearing capacities with smooth travel

3.

Manual or automatic door options

4.

Rugged interiors to withstand industrial use

OUR PRODUCT

MODERNIZATION SOLUTIONS

OMNI's modular modernization approach lets you upgrade without unnecessary replacement. By updating critical components - drives, controls, cabins, or safety systems, we ensure your elevator performs like new while keeping costs optimized.

VARIOUS
OPTIONS
ARE
AVAILABLE

Speed : 1.00 to 1.5 mt/ps

Capacity : 08 to 20 passenger

Type of Car : One Side View | Three Side View | Half Round view

Type of Door : Center-Opening Auto Door | Telescopic Auto Door

Car Finish : Glass with MS Powder Coated Car | Glass with Stainless Steel Hair line Finish Car | Glass with Steel Designed & Steel Hair line Finish Car

Benefits:

Faster installation with minimal downtime | Enhanced performance and energy efficiency
Improved safety and ride comfort | Longer life for existing infrastructure

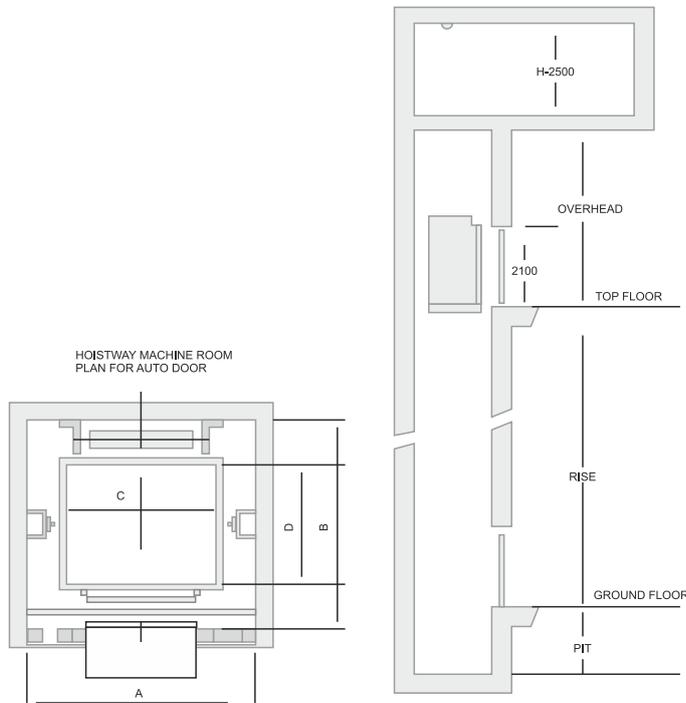

Doors Finish : MS Powder Coated Auto Door | Stainless Steel Hair line Finish Auto Door | Stainless Steel Designed Finish Auto Door | Titanium Gold Designed Finish Auto Door | Glass With Stainless Steel Framed Finish Auto Door.

Switch Panels : Surface Micro Electro Button, Touch Button

Switch Panels : Seven Segment Digital LED Display | Digital Dot Matrix

Display : Display | LCD Display
